Noor-e-Hidayat Foundation

(Regd.) Lucknow

Estd. 16th July 2003 AD

15th Jamadiul Awwal 1424 AH.

In the memory of ***Ghufran Ma'ab*** Maulana S. Dildar Ali Naqavi (1753-1820), the distinguished religious scholar reformer leader.

Founder President: **Maulana Syed Kalbe Jawad**

OUR MISSION: The thought-provoking writings and the fruit-bearing efforts of the first and the foremost Mujtahid (the scholar-researcher of Islamic Jurisprudence) of South Asia, Ghufran Ma'ab has undertaken tirade of presenting Islam and its' commandments in the real perspective, carried out the gratifying act of illuminating each and every corner of South Asia with the light of guidance (*noor-e-hidayat*) and given religious leadership to Shia society. An extension of his mission is Noor-e-Hidayat Foundation. His immortal foot-steps are our guiding force.

In this age of IT advancement, when human mind is overburdened with the rush of both positive and negative types of informations, there is dire need of presenting Islam in its real perspective in contemporary languages and in modern lexicon. Keeping this in view, we have organized our Publication Division. **NHF** is bringing out a monthly magazine of standard, **'Shua-e-Amal'** in an eye-cathing get-up. Through the magazine, we are publishing fresh articles of high academic value and reproducing ever-blooming type of works of our past literary icons. Moreover, **'Khandan-e-Ijtehad'** Number is also published as an annual journal, coinciding with the occasion of yearly religious gathering, Majalis-e-Azeem.

Education is also a sister concern of IT. Our special attention is towards it too. **Islamic Studies Centre** and **Maktabatuz-Zahra** have already been established and are active in imparting religious education respectively to the boy and girl students.

IT and education become purposeless if their benifits are not able to reach each and every section of the society, especially if the weaker, helpless and down-troden people are not helped to their upliftment and if their evils and defects are not rectified. So the social welfare & reform of the society's irrational & improper rites and customs, help to poor and helpless and arrangement of medical treatment of patients to the possible extent are on our foremost agenda.

The social welfare and reform also cover the security and maintenance of *waqf* properties. These waqfs established by our past generations out of their pious intentions are our valuable wealth. Hence we always evdeavour for their proper maintenance and development.
